From the Editor:

Like our temps, flying at the ARC field is warming up. Weekends have been very busy with Sunday afternoons being the busiest. Many new planes are finally getting some air time. Come on out even if you don't have something to fly and we can inspire you. The field is looking great thanks to Jimmy Fogleman and John Brotherton. Both these members have been working hard to get the weeds under control—I understand that they are responsible for the repairs that are being done to our mower as well. So *Please* give them thanks when you see them! As always please keep checking our webpage for the latest updates as Jimmy Gaona continues to work hard to improve and restore the content that needed to be replaced. As always, Jimmy and I really appreciate your pictures. Are you building anything? Repairing? Heck, shoot a pic and submit it here: angelorcflyers@gmail.com We need your support and feedback. Seen an interesting RC related article? Share it with everyone through this newsletter. Please remember you are always welcome to attend our monthly business meeting this week at Golden Corral Restaurant. Meeting starts at 7:00 come earlier to eat. Till next month Fly Safely and see you at the meeting.
