Our 42nd Annual Fall Fly-In aka the West Texas Fly-In #1 was a tremendous success! Three Days of perfect weather. We met a lot of old friends and made some new. We had a total of 41 pilots. Thanks to Josh Yarbrow for his contest directing our event. What a great representation of clubs from around our area and a lot of campers this year. We saw some beautiful planes and great airmanship. Fortunately we did not plant too many balsa trees either. Our Saturday evening Pot Luck Dinner was organized by Anette Sellers—Thank You Anette! - was a HUGE Success. We will be doing this again!

Also, Jimmy Fogelman and Gary Jones really need to be thanked for the field preparation that they did. Gary and Jimmy mowed many acres and poisoned many weeds making our field look as good as it did for our guests. Thank you again gentlemen and all of the club members that helped in the field work day.

This month Angelo RC Club says good bye to our Secretary/Treasurer James Fields. Thank you James for the most awesome professional job you did serving our club. We wish you luck in your career in Arizona and thank you for your service to our county too.

TURKEY TOSS

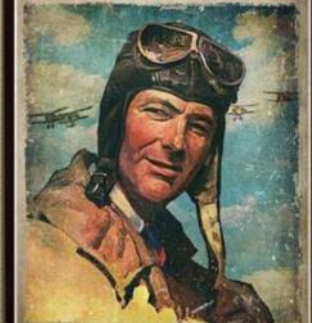

Please remember you are always welcome to attend our monthly business meeting this week at Golden Corral Restaurant. Meeting starts at 7:00 come earlier to eat. Till next month Fly Safely, and may you have a very Happy Thanksgiving and see you at the meeting.

Angelo RC Club Says Good-Bye

Since August 2021 James Fields has stepped up and served Angelo RC Club like he does our country in the United States Air Force. James has been our Secretary Treasurer and has done an outstanding job of keeping up with our club expenses. However, the Air Force has other plans for James and his family. James is moving to Arizona to serve our country. Thank you very much for your time and dedication to our club business James. It has been a pleasure to have you with us for these short years. We wish you luck in your career and also your hobby if you have time. You will always have a home base at Angelo RC if you ever come this way partner.

May you have many smooth landings.

The Angelo RC Club

You're receiving this email because of your affiliation with the Academy of Model Aeronautics.

Dear Gary Jones,

Thank you for providing AMA with the information necessary to request a FRIA for your current flying site at/near 4615 Arden Rd. We have officially submitted an application on behalf of your club, Angelo RC Inc. The FAA started processing FRIA applications in early July; however, this is a slow-moving process, and AMA is unable to provide you with any FAA status updates for your specific application. Once the FAA has reviewed and processed your application, they will send out a notification email to both the AMA team member who submitted your application and you, the primary point of contact.

Please note that the FAA has announced they are extending the Remote ID enforcement date by six months. Radio Controlled Operators now have until March 16, 2024 before they will have to comply with the rule.

We greatly appreciate your patience and understanding through this process.

Best regards,

AMA Clubs Department
