20th ANNUAL TINY FLY-IN
May 29th—31st
Dorothy Garrett Coliseum
Big Spring TX

Gary Jones Photo

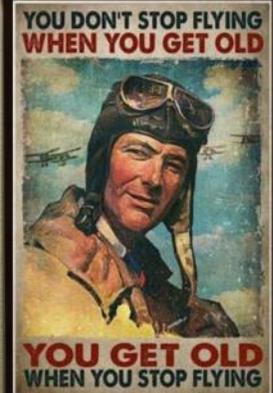

This month we give a BIG Shoutout to Jimmy Gaona, Jimmy Fogleman, and Burleigh Locklar for replacing the worn sunshades on the ARC Pavilion. AND a BIG THANK YOU to Gary Jones for buying the materials for the project. Thank you gentlemen for your time and expense to make our field look so great.

At the last ARC meeting, members voted to enter into a contract with the City of Big Spring to lease their Coliseum for our 20th annual TINY Fly-In scheduled for the end of May. Mark Greer traveled to Big Spring to work with the city and get our contract signed and approved. The City of Big Spring was very welcoming and accommodating to our club for our upcoming event. Their coliseum is slightly smaller than San Angelo's but the facilities are excellent and we will have room for overnight camping in the parking lot. Mark will be putting more information out on social media for our guests and members to get familiar with the upcoming event and facilities.

Thank you Gary and Jimmy Gaona for your fantastic photos of the flying at ARC Field this month. Flying season is just around the corner and we are all looking forward to getting out.

Our monthly business meeting will be this Thursday at Golden Corral at 7PM. Come earlier if you want to eat. We hope to see you at the meeting!

Sunshade Replacements Project & Photos by Jimmy Gaona

New Sunshades Installed at the Field!

New sunshades have been installed to replace the old sunshades which had become loose and torn after 8 years of service. In addition to the original 3 sunshades that were replaced, a fourth sunshade was installed on the south section of the covered area. Thanks to Jim Fogleman, Burleigh Locklar & Jimmy Gaona for installing the sunshades.

Also, thanks to Gary Jones for purchasing the new sunshades!

New Year—New Build *By Charlie Campbell*

More next month....

On February 26th fellow RC'er Greg Turnbow, lost his long fight against pancreatic illness as he passed in his sleep at the far too young age of 61. Greg was one of those rare individuals who brought happiness to everyone he met, and was an especially committed and brilliant life long modeler. His love for modeling and aviation was always with him and he was always there to lend a hand to help any who needed it or even to just talk shop with fellow flyers giving free access to his creative mind and love of our hobby. I feel fortunate to have called him a friend because he showed us all what character means as he fought time and time again for his life with grace and endless positivity. Many of us here in San Angelo knew him as he was a former member when he lived here. We mark his passing with great sadness while celebrating a life so well lived. He will be missed and fondly remembered.

High Flight

Oh! I have slipped the surly bonds of Earth.
And danced the skies on laughter-silver wings.
Sunward I've climbed, and joined the
tumbling mirth. Of sun-split clouds and done
a hundred things. You have not dreamed
of wheeled and soared and swung.
High in the sunlit silence, hov'ring
there. I've chased the shouting winds
along and flung. My eager craft
through footless halls of air. Up, up the
long delirious burning blue. I've topped
the wind-swept heights with easy grace.
Where never lark, nor ever eagle flew.
And, while with silent, lifting mind I've trod.
The high untrespassed sanctity of space, Put
out my hand and touched the face of God

- John Gillespie Magee, Jr

A silhouette of a biplane is shown in flight against a dramatic sky at sunset or sunrise. The sky is filled with orange and yellow clouds, and the sun is low on the horizon. Below the sky, a range of dark, rolling mountains is visible. The overall mood is one of freedom and adventure.

44th ANNUAL SWAP MEET

TRI CITY FLYERS, Inc. RC CLUB
SAN ANTONIO, TX
