Upcoming Events:

Angelo RC Club Meeting
Thursday October 1st
Golden Corral 7 PM

Angelo RC WTF Fly In
October 9,10,11th
ARC Field - San Angelo TX

John Sellers' FLEX RV8 at the 2025 ARC Outdoor FlyIn

From the Editor:

I hope this month's newsletter finds you doing well and enjoying our hobby. We are entering a very busy October. This week we have our monthly meeting where we will discuss the final details for our upcoming outdoor fly-in in just two weeks. Next week a few of our members will be attending the Concho Valley Technology Alliance Technical symposium series which will feature discussions about the club, membership, drones and requirements for becoming a drone pilot. If you are free October 5th at 6 PM meet us at the Kevin Barry building on the Howard College campus. More details later in this NL.

Thank you Annette Sellers for your nice coverage of the Plainview Indoor Flyers Event. The meet had lots of pilots and Annette documented the meet very well. This past month, we say farewell to former ARC member Lee Bowman. We offer our deepest prayer's and condolences to the Bowman family and their loved ones. Rest in peace, Lee. May your wings carry you home.

Our monthly business meeting will be this Thursday at Golden Corral at 7PM. Come earlier if you want to eat. We hope to see you at the meeting!

Plainview Indoor Fly-In by Annette Sellers

Plainview Indoor Fly-In by Annette Sellers

Next Monday Gary Jones, Scott Bryan and Charlie Campbell will be addressing the Concho Valley Technology Alliance. We will be explaining Drones and Licensing and will also speak about Angelo RC and the Model Aviation Hobby in general. Gary will be doing some indoor flying demonstrations. Please join us and show your support.

✈ From Hobby to High-Tech: Explore RC Aviation & Drone Piloting!

The Concho Valley Technology Alliance is excited to welcome members of Angelo RC Inc. for an evening exploring the technology, skills, and community behind radio-controlled aircraft and drone piloting.

Attendees will learn about:

- ✈ Angelo RC Inc. and its upcoming events
- ✈ Club participation and membership
- 🚁 FAA drone registration and pilot licensing
- 💡 Real-world applications for drone piloting skills
- 🎮 Small radio-controlled aircraft flight demonstrations

Members of Angelo RC Inc., an organization dedicated to furthering the avocation of Model Radio Controlled Aircraft, will share about the club and what it provides, upcoming events, club participation, membership, what it takes to get a drone pilot license and get registered with the FAA, and how these piloting skills can be applied.

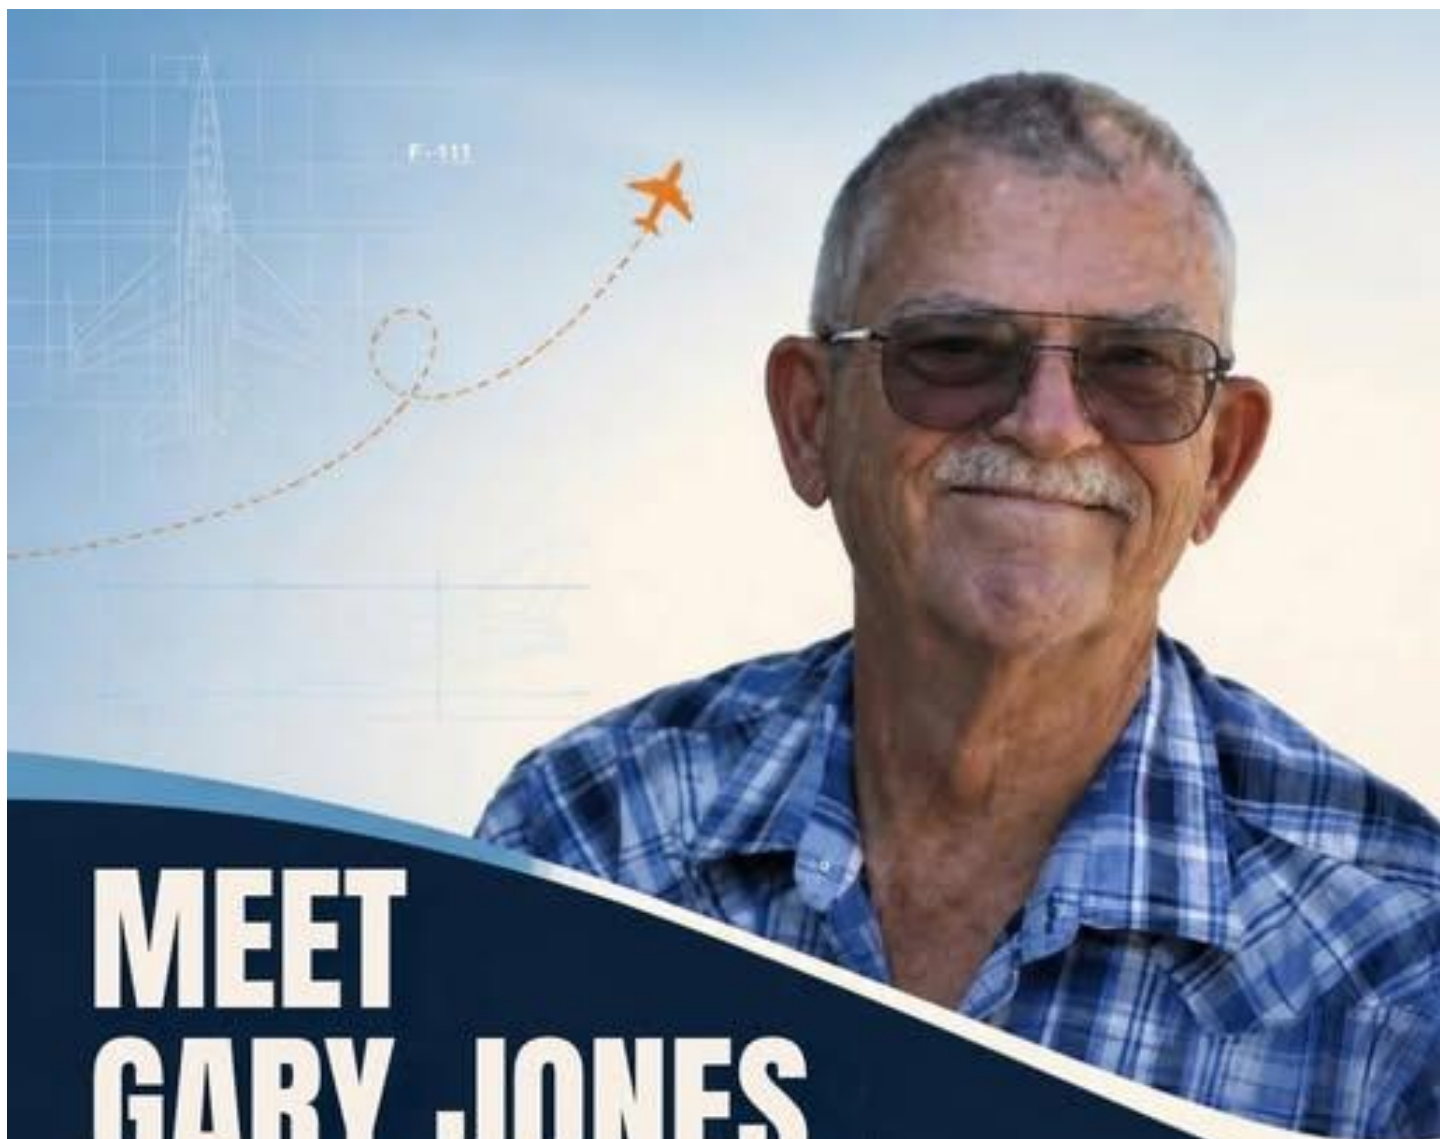

DISCUSSION TOPICS

-  Club overview and benefits
-  Upcoming events and participation
-  Membership
-  Drone pilot licensing and FAA registration
-  Applications of piloting skills

INNOVATE • CONNECT • ELEVATE

BUILDING A STRONGER, MORE INNOVATIVE CONCHO VALLEY

MEET GARY JONES

Safety Officer, Angelo RC Club

Gary brings a lifetime of aviation experience to Angelo RC Club.

A retired United States Air Force Master Sergeant, he spent 20 years working with aircraft systems, including the F-111, and later worked with F-16 aircraft at Lockheed Martin and Hill Air Force Base.

He began flying radio-controlled aircraft in 1973 and has enjoyed the hobby for more than 50 years.

Since discovering indoor RC flying in 1999, it has become one of his favorite ways to enjoy aviation.

For Gary, flying isn't just a hobby — it's been a lifelong passion.

Lynn (Lee) Bowman
November 3, 1939 — September 18, 2026
San Angelo, Texas

Lynn (Lee) Eldon Bowman went to sleep in Jesus on September 18, 2026, at the age of 86. He was born on November 3, 1939, in Hillsdale, Michigan, to John and Wilma Jene Bowman.

Lynn grew up in Michigan and Virginia. At the age of 17, he joined the United States Air Force, where he became a jet mechanic. After leaving the military, Lynn opened his own aircraft mechanic shop, beginning a lifelong career working with aircraft and machinery.

In 1978, Lynn moved to San Angelo, Texas. There, he met his wife, Paula, and they were married in 1986. Lynn worked for Precision Aircraft Services and later worked for Hirschfeld Steel and Muller Metals before retiring.

Lynn enjoyed riding his motorcycles and flying his radio-controlled airplanes. He was a member of the Advent Hope Bilingual Seventh-day Adventist Church. Above all, Lynn loved the Lord with all his heart, and his faith was an important part of his life.

Lynn was preceded in death by his parents, John Bowman and Wilma Jene Werner; his sister, Patricia Swift; his stepdaughter, Poppy Nobbs; and his mother-in-law, Frances Hill.

He is survived by his wife, Paula Bowman of San Angelo, Texas; daughter, Leora Bowman of South Carolina; son, Michael Bowman of Michigan; niece, Sandra Swift of San Angelo, Texas; nephew, Derek Swift of San Angelo, Texas; father-in-law, Edwin Hill of San Angelo, Texas; and son-in-law, Kenneth Nobbs of San Angelo, Texas.

The family would like to extend their heartfelt thanks to the nurses and staff of Gentiva Hospice for the loving care and compassion they gave Lynn during his final days.

Lynn will be deeply missed by his family, friends, and all who knew and loved him. His memory will remain in their hearts, and his faith and love for the Lord will be remembered by all who had the privilege of knowing him.

John 14:1–4 (New King James Version)

1 “Let not your heart be troubled; you believe in God, believe also in Me.”² “In My Father’s house are many mansions; if it were not so, I would have told you. I go to prepare a place for you.”³ “And if I go and prepare a place for you, I will come again and receive you to Myself; that where I am, there you may be also.”⁴ “And where I go you know, and the way you know.”
